A word about us: John and Anne Geissinger will be sailing *Artemis*, our 2000 Valiant 50. We are hard to miss-we are the firetruck red cutter. We spent many years sailing out of Noroton Yacht Club in CT, but we have moved to Maine for our retirement. We now sail out of Boothbay Harbor Yacht Club.

Our crew for this year's cruise (our second Maine Corinthian Cruise) will be Anne's sister and brother-in-law, Kathy and Dan Murphy. We look forward to sharing our adopted home with all of you during this Cruise. Maine has it all: bustling harbors and small isolated coves, beautiful sunny weather and pea soup fog. The daily contrast makes it so wonderful. Yes, we do miss warm waters to swim, though we do know some spots where it warms up enough to cool off.

Note: Dan makes a "wicked good" blueberry pie. To enjoy a slice of pie, you must swim around your entire boat-witnesses are required.

A word about us: Hi, this is Bruce and Nancy Blasnik. We sail Conundrum, a 2016 Beneteau Oceanis 45. Our home port is Oxford, MD, where the Tred Avon River meets the Choptank. We've been sailing for over 40 years. This is our 3rd cruise in Maine, but the first on our own boat. It's been many (really, many, many) years since we've been to Maine by boat, but what we enjoy about Maine is the idyllic anchorages, scenic passages and the lobster. The best part of Corinthian Cruises is the opportunity to cruise in company with like-minded people, connect with old friends and make new ones.

Conundrum - “A confusing and difficult problem or question.” Like buying a new boat and many of life’s other decisions. It’s also a boat and a wine.

Two home ports? Yes, 18 round trips north south. Great fun!

We were invited to sail Lake Michigan with friends on Memorial Day 1972. Fell in love with sailing, and 3 days later bought first sailboat. We have been sailing ever since. Sailed Lake Erie for 26 years before moving to

the Chesapeake Bay in 2003.

We have done 6 trips from the Chesapeake to Maine.

Do we enjoy Maine? My happy place. Love the people, Ports, Anchorages. Reminds us of our former trips to the North Channel on Lake Huron. Only better and we get to eat lobster!

Best Part Corinthian Cruise is all the new friends we have made.

The name Dulcinea comes from the musical "Man of LaMancha ". In the song, Don Quixote immediately falls in love with a woman and states "I see heaven when I see thee Dulcinea".

We live in Atlantic Highlands, NJ. Steve has been sailing for 70 yrs, Ingrid for 55! 😊

Our wonderful crew and dear friends are Bill and Linda Gesell. They have been with us on almost all the Corinthian cruises and belong to the Corinthians. (Bill has been sailing approximately 78 yrs!)

We have been with the Corinthians since 2004, and on Maine cruises starting in 2005...this will be our 6th Maine cruise. In Maine, we love the coves, the scenery, the towns, the weather- not so much the "lobster pots"!

Best part of the cruises are reconnecting with fellow Corinthians, and meeting new ones. We like being part of a set itinerary, exploring new harbors, towns, enjoying the planned activities and venues.

You will easily recognize us, as we are the light green trawler frequently used for the dinghy cocktail party and committee boat for the dinghy race. Also, available to host a "new member" cocktail party when needed.

Looking forward to the 2025 Penobscot and Acadia cruise

Jim has been sailing since youth (over 65 yrs!) having sailed summers in Chicago Yacht Club's sailing school. Lynn started to sail when we met as we were planning charter trips in the BVI.

We love the natural beauty of Maine and the rugged beauty of the

A word about us: We are the 2mutches: Alice and Andy Mutch

We are graced to have with us fellow Corinthians from Pennsylvania, who winned and dined us while Andy was in the rehab hospital following a stroke on the morning of The Corinthian Annual meeting. They continue to share their skills while we enter a new chapter in boating as proud owners of MAGGIE, a 28 foot Nausett, a more manageable vessel than our beloved LOON. Andy and I are 82 yo, and have sailed since we were 14 and 25, respectively. We started our Corinthian journey in Annapolis where I served as Fleet Captain in the very earliest days of the now Chesapeake Fleet. We had great fun establishing the now popular joint cruises with the Little Ship Club and through this arrangement, have sailed Scotland, Ireland, Channel Islands, France, and the Solent, representing The Corinthians at the historic Royal Yacht Squadron and 150th celebration on the America's Cup at Cowes. We love hosting other Corinthians in Boothbay Harbor and live nearby on Southport Island where there is always room for you.

Meet the Barnes

Mike and Betsy Barnes once again join the Corinthian Annual Cruise. Following last summer's 2024 Annual New England Cruise on their boat, this year will be the Maine cruise where they will be crew aboard MV Maggie with Alice and Andy Mutch. Their boat, SV

DADIDOC, a 1984 Morgan 416 Out Island, will remain in Rock Hall MD. Mike and Betsy just celebrated their 44th wedding anniversary. Their courtship began in high school where Mike sat behind her in Physics class. Mike retired from Boeing after 45 years as systems engineering manager working in Philadelphia on Chinook helicopter programs. Betsy is a retired library director after 18 years. They have three children and seven grandkids most living close with the exception of one who has a family in Amsterdam, NL. Mike currently works part time as a handyman and marine technician with ABYC certifications.

A word about us: Back in college I would spurn studying and read Yachting Magazine cover to cover when it was a true sailor's go-to publication. I would dream of owning a sailboat larger than a Sunfish which I taught sailing on for four years on the Cape at Camp Viking and a freshwater camp in Brewster, MA. Fast forward to my early working years I bought a Greenwich 24 (whose mold was to become the Cape 25). I founded a one-design sailboat trailer Company, named Triad, whose trailers dry sailed Sonars, J 24's, Stars, Etchells and such. From there I progressed up the "overall length ladder" to a Sabre 425 which I sold in 2020. Having owned four Sabre sails, named Panda, it was time to jump ship to power. Our current boat is a Sabre 42 (naturally) Express Cruiser, Panda V. While power is our ownership, for Alice and I our DNA is sailing. We, like most, have cruised the Bahamas, the Caribbean, Maine and even up to St. Andrews by the Sea in New Brunswick. For the five years before the Pandemic, we crewed on a friend's Oyster 80 in the Med. The Oyster 80, Free Spirit, was owned by a close friend from Sydney. He wanted me to buy a share...I

demurred, and the invitations flowed to spend two weeks each Fall sailing the Med from Marmaris, Turkey to Rhodes, Greece, to Sardinia, Elba, Sicily, Genoa, Malta and Tunis, Tunisia. The sailing was rugged and adventurous as it would be with any Aussie at the helm. Regrettably, he passed away and I was relegated back to sailing in Northeast waters.

I am French-American, love charts, route planning, studying weather patterns, and poring over cruising guides. I'm passionate about food / wine, and I enjoy art and crafts. I also have a deep admiration for traditional working boats like Friendship Sloops and Catboats.

Yossi is the steady hand at the helm and the first to reach for the toolbox—whether to fix or or invent something. He's a practical sailor with a strong expertise in batteries, solar systems, and keeping our floating home running smoothly.

Though new to The Corinthians, we've cruised together for several seasons, including multiple trips to the wild and wonderful islands of Maine—where I love to forage for mushrooms, mussels, seaweed, and the occasional fish.

We're thrilled to be part of this storied group of mariners and look forward to meeting fellow members—whether rafted up in a quiet harbor, gathered at a rendezvous, or simply passing each other under

Our Crew in Maine will be our son, Tim, and his children, Mary Catherine (5) and Roger (3), and our daughter, Kayla, and Olivia Saacke.

Richard is a surgeon with Atlantic Urology and is not only slowing down work, but speeding up his sailing.

Cheryl is helping to steer him on that course while juggling the home and shore fronts.

Tim has worked for Offshore Sailing for several years and now has been taken on as Sexton at nearby St. Paul's Anglican Church while helping be Mr. Dad while his wife Christy is a tech at her father's vet practice.

Kayla is a Geologist for <https://www.nyrstar.com/our-story> and gets her sailing in at Concord Yacht Club.

Olivia works for the National Park Service as a Trail Maintenance Technician. They live in the beautiful Great Smoky mountains.

This is our 2nd cruise in Maine aboard TANGO since she was recommissioned in 2017. Richard and I were crew aboard for Cheryl's parents, the first owners of TANGO, numerous times and have also chartered in Maine. Together we total over a dozen Corinthian cruises to Maine.

What we really enjoy about Maine is how pretty and cool it is in the summer. We love the smells of balsam on land, seaweed on the rocks and the grilling of good food to warm and nourish our bodies. We love the fog cooling on our faces as we stare into it for the next mark while trying to focus our ears toward any horns or bells and juggling lobster pots. We love looking for eagles, seal and whale and the many islands to paddle and motor our tenders to or quarries to swim in.

The best part of Corinthian Cruises is traveling to new places, trying new food and spirits and visiting with old friends and making new ones.

"As a single footstep will not make a path on the earth, so a single thought will not make a pathway in the mind. To make a deep physical path, we walk again and again. To make a deep mental path, we must think over and over the kind of thoughts we wish to dominate our lives." Henry David Thoreau
